Dear Families

Summer uniform expectations

From Monday, we are moving to our summer uniform expectations. As temperatures rise during the summer term, students are permitted to wear shorts to school instead of trousers with immediate effect.

If your child chooses to wear shorts instead of trousers, they must be **black tailored school shorts with a pair of black or grey sock socks and black shoes** as depicted below. They are **not** permitted to wear sports shorts, jean shorts, coloured or white socks or trainers. Shorts like this can be found in the school uniform section of most supermarkets.

We believe that allowing students to wear shorts during the summer term will enable them to be more comfortable and able to focus better during the warmer weather. We hold extremely high standards and remain committed to removing any potential barriers to our students meeting them.

I would like to emphasise that **all existing aspects of our academy uniform policy still apply.**

I hope that you will value our common sense approach and would appreciate your support in reinforcing our academy uniform expectations to your child.

Yours sincerely

Mr G Coles
Principal
